The technical drawing illustrates the assembly of the staircase. The main view shows a perspective of the staircase with multiple treads and nosings. Callouts 01, 05, 06, and 10 identify the nosing, tread, support, and stringer components, respectively. A detailed cross-section view on the left shows the 3mm gap between the nosing and the support, with a warning symbol indicating a safety hazard. The cross-section also shows the internal structure of the nosing and the support.
