| 18       | 6814683              | RADIATOR OTEL BRISE Heizkorper 22X600X800  | BC    | 5949038723077 | 4,42                          | 839                                    | 1.636                              | 2.089                      |
| 20       | 6814675              | RADIATOR OTEL BRISE Heizkorper 22X600X1000 | BC    | 5949038723091 | 5,70                          | 1.018                                  | 1.985                              | 2.535                      |
| 22       | 6814676              | RADIATOR OTEL BRISE Heizkorper 22X600X1200 | BC    | 5949038723114 | 7,04                          | 1.185                                  | 2.310                              | 2.951                      |
| 24       | 6814677              | RADIATOR OTEL BRISE Heizkorper 22X600X1400 | BC    | 5949038723138 | 8,46                          | 1.340                                  | 2.612                              | 3.336                      |
| 26       | 6814678              | RADIATOR OTEL BRISE Heizkorper 22X600X1600 | BC    | 5949038723152 | 9,94                          | 1.482                                  | 2.890                              | 3.691                      |
| 27       | 6814679              | RADIATOR OTEL BRISE Heizkorper 22X600X1800 | BC    | 5949038723169 | 11,49                         | 1.612                                  | 3.144                              | 4.016                      |
| 28       | 6814680              | RADIATOR OTEL BRISE Heizkorper 22X600X2000 | BC    | 5949038723176 | 13,11                         | 1.730                                  | 3.374                              | 4.310                      |

Grosime tabla: 1.11 mm  $\pm$  5mm  
Grosime tabla convector : 0.30 - 0.35 mm  
Presiune maxima de lucru: 10 bari  
Temperatura maxima agent termic: 110°C  
Garantie: 12 ani – sistem propriu de incalzire  
Culoare: RAL 9016
